

## OUR OBJECTIVES:

ॐ सह नावतु ।

सह नौ भुनक्तु ।

सह वीर्यं करवावहै ।

तेजस्वि नावधीतमस्तु मा विद्विषावहै ।

ॐ शान्तिः शान्तिः शान्तिः ॥

(Om, Together may we two Move (in our Studies, the Teacher and the Student), Together may we two Relish (our Studies, the Teacher and the Student), Together may we perform (our Studies) with Vigour (with deep Concentration), May what has been Studied by us be filled with the Brilliance (leading to Knowledge); May it Not give rise to Hostility (due to lack of Understanding), Om Peace, Peace, Peace.)

- Our dream is to bring quality education to our children. For this, we draw inspiration from our own experiences in life. We grew up in a village and went on to achieve success in our academic and corporate careers. Our rural upbringing has been instrumental in making us more adaptable and resilient in the face of life's challenges. It has also made us more sensitive to environmental concerns as well as our social responsibility towards our community and country. However, through this we have also realized the importance of a systematic and structured approach towards formal education which can facilitate a more comprehensive way of learning.
- National Academy School has been founded to combine the strength of a rural environment and the best modern educational techniques. Together they foster a meaningful and joyful learning experience for the students. They will learn how to be the future leaders of the country.
- The school is founded on the spirit of "**Sahnaavavatu**": the curriculum combines scholastic and co-scholastic activities to provide a holistic learning environment for our students. We also wish to create an atmosphere of mutual trust, respect, warmth and affection between our students and teachers to facilitate a robust support system for them.
- It shall lay great emphasis on personal focus, providing equal opportunities for learning and maintaining standards of achievement at all levels without compromising the values we stand for. A Continuous and Comprehensive Evaluation system (CCE) will be kept in place to enable the holistic development of children, integrating sports, fine arts, yoga & martial arts, environmental awareness, values and attitudes. It will involve the parents of students and society in the evaluation process.
